**TRUCKING**

Whether you need a replacement muffler or a total emission control system – Donaldson is ready today!

Donaldson exhaust systems are original equipment on most medium- and heavy-duty trucks manufactured in North America. Donaldson engineers work with many OE truck and off-road equipment manufacturers to design and build quality exhaust systems based on specific performance factors..

Donaldson actively participates in the development of sound equipment maintenance practices through national organizations like ATA's Technology and Maintenance Council (TMC), the Association of Equipment Manufacturers (AEM) and the Council of Fleet Specialists (CFS). There are over 90 Donaldson replacement mufflers and a full line of exhaust accessories available.

More information on mufflers is available online at [www.donaldson.com/en/exhaust/index.html](http://www.donaldson.com/en/exhaust/index.html)
