Donaldson Featured Parts

# Original PowerCore® Products

## PowerCore® Filtration Technology Delivers Improved Filtration Performance!

Donaldson has been manufacturing air cleaners with PowerCore Filtration Technology since 1999. Visit [www.donaldson.com/aircleaners](http://www.donaldson.com/aircleaners) for additional information on PowerCore air cleaners.

### PSD PowerCore® Air Cleaners

Donaldson's line of PSD Air Cleaners have original PowerCore technology and offer two-stage filtration in a single, compact unit that delivers superior filtration performance in both horizontal and vertical mounting options.

### Severe Duty Air Induction System Retrofit Kit

1999\*-2003 Ford F250-550 or Excursion with 7.3L Power Stroke® Diesel Engine  
\* Built after January 1, 1999

This retrofit kit is ideal for truck owners who operate their vehicle in dirty and dusty conditions and want longer filter service life and improved engine protection.

*Kit X007953 includes the air cleaner assembly, duct, battery tray and blanket, fasteners and installation instructions.*

## Millions of PowerCore® Filters Installed on Original Equipment!

PowerCore filters can be easily recognized by their unique corrugated media and will have the original PowerCore identity.

### Greater Efficiency

The straight-through fluted design of PowerCore Filtration Technology is three times more efficient than average conventional pleated filters

### Engine Protection

No media movement, expansion, contraction or bunching, with less dust and dirt passed on to the engine

### Contaminant Encapsulation

Dust and dirt won't dislodge during servicing

## Expect the Best. Demand the Original.
