

Donaldson® Torit® Replacement Filters for Wheelabrator Dust Collectors

Now our high efficiency patented media are available for Wheelabrator dust collectors—same form, exact fit, higher function. Get direct replacement filters for *JET III®* and *Jet VIP™* baghouses and Wheelabrator cartridge dust collectors from a filter specialty company that designs its own filter media and manufactures filters to tight specifications—Donaldson® Torit®!

25 Years Proven and Patented Ultra-Web®

- Advanced media is more efficient in capturing submicron dust particles (0.3 micron and larger)
- Longer filter life and better pulse cleaning due to surface loading technology
- Lower energy use with better pulse cleaning and lower operating pressure drop
- MERV 15, 14, and 13 filtration efficiencies to meet specific application needs

Dura-Life™ Filter Bags

- Engineered with a unique hydroentanglement process resulting in more uniform material with smaller pore size = lower emissions
- Better surface loading of dust that prevents penetration deep into media = better pulse cleaning
- Improved pulse cleaning and lower pressure drop = longer filter life

CLEANER Air
LONGER Filter Life
GREATER Energy Savings

Ultra-Web Nanofiber Technology

10 Micron Particulate at 600%

1 micron = 1/25,400 of an inch

Ultra-Web cartridge filters and Dura-Life filter bags are in stock and ready to ship; available for all major brands of cartridge and baghouse collectors.
