

Donaldson® Torit® Replacement Filters for Pneumafil Dust Collectors

Now our high efficiency patented media are available for Pneumafil dust collectors — same form, exact fit, higher function. Get direct replacement filters for Pneumafil RAF II baghouse and Pneumafil Paraflo® cartridge dust collectors from a filter specialty company that designs its own filter media and manufactures filters to tight specifications — Donaldson® Torit®!

25 Years Proven and Patented Ultra-Web®

- Advanced media is more efficient in capturing submicron dust particles (0.3 micron and larger)
- Longer filter life and better pulse cleaning due to surface loading technology
- Lower energy use with better pulse cleaning and lower operating pressure drop
- MERV 15, 14, and 13 filtration efficiencies to meet specific application needs

Dura-Life™ Filter Bags

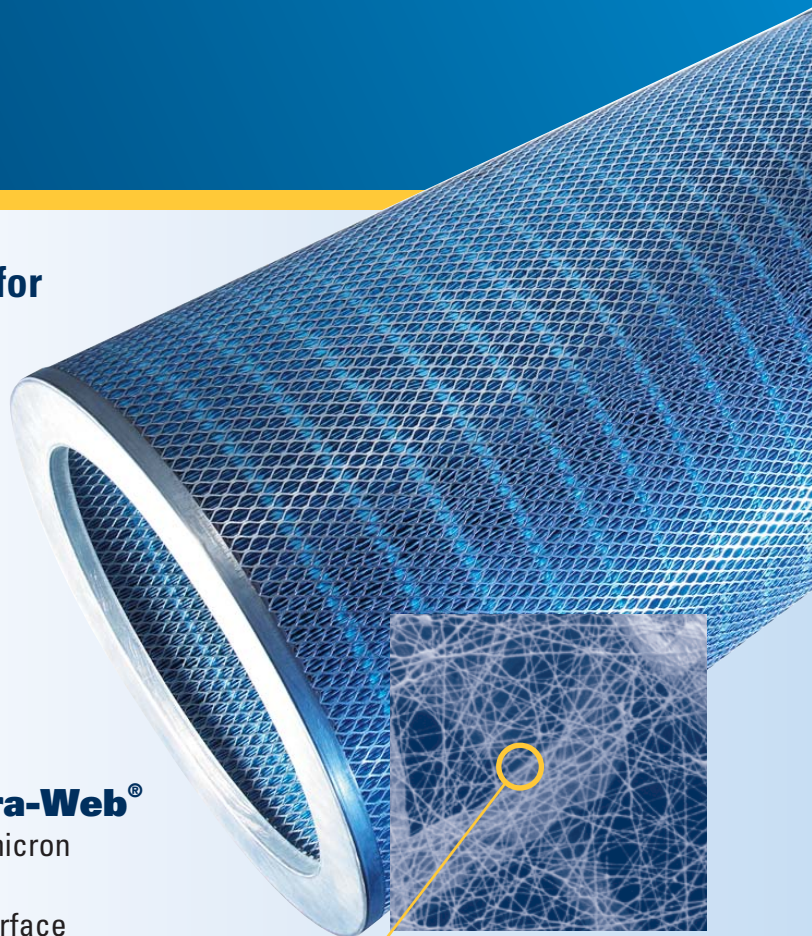

- Engineered with a unique hydroentanglement process resulting in more uniform material with smaller pore size = lower emissions
- Better surface loading of dust that prevents penetration deep into media = better pulse cleaning
- Improved pulse cleaning and lower pressure drop = longer filter life
- Exactly like Pneumafil filter bags: hemmed top, torsion strap, bottom wearstrip

CLEANER Air
LONGER Filter Life
GREATER Energy Savings
