(Kind Attention: Mr. Jeff Riley, Project Engineering Manager)

Sub: Type Acceptance of FAA Supplemental Type Certificate (STC) SRO2393CH dated 08/06/2012 for installation of Inlet Barrier Filter (IBF) System on Airbus Helicopter model AS350B3.

Sir,

Reference may please be made to your letter dated 05/01/2017 forwarded to this office vide FAA letter dated 14/04/2017 in connection with the subject matter.

The certification documents provided to this office have been examined and are considered satisfactory. Based on the information provided, the installation of Inlet Barrier Filter (IBF) System on Airbus Helicopter model AS350B3, certified vide FAA STC SRO2393CH dated 08/06/2012 is considered acceptable from design view point subject to following conditions:

1. The helicopter must conform to the type design change as described in the STC with configuration as specified above.
2. Limitations and conditions specified in STC, approved AFM and applicable AFM supplements shall be strictly adhered to;
3. The aircraft shall be fitted with mandatory instruments and equipments as per applicable Civil Aviation Requirements (CARs) of DGCA, India that are available on website [www.dgca.nic.in](http://www.dgca.nic.in) if required as a result of this installation.

This letter of STC acceptance is issued under the provisions of Rule 49G of the Aircraft Rules 1937 with the approval of the competent authority and shall remain in force until cancelled, superseded or revoked by the DGCA, India.

Yours faithfully

(S.K.Singh)  
Director (AE)

for Director General of Civil Aviation
