

Electrical Control Panel

(Delta P or Delta P Plus Control and Through-the-door disconnect)

Operates as a combination of a motor starter for blower motor on/off control, protection from short circuits and running overloads, and pulse cleaning control to maintain uniform filter pressure drop.

- Dual scale digital display in either inches water gauge or daPa (decaPascals)
- Alarm setpoint to activate on auditory or visual alarm when the high setpoint is exceeded
- Choice of Delta P or Delta P Plus control and solid-state timer
- Through-the-door disconnect
- Type (NEMA/UL) 12 enclosure
- Available in 208, 230, 400, 460 and 575 VAC
- Control transformer
- Oil-tight push buttons
- Single source means the collector and motor starter arrive together and are covered by the same warranty
