• Long filter life and high filtration efficiency on many applications
• MERV* 10 filtration efficiency rating per ASHRAE 52.2-2007
• Enhanced performance due to a unique combination of fiber sizes and a more uniform fiber distribution indicates excellent performance
• Reduced energy requirements and lower operating costs due to low resistance to airflow
• Flame retardant media available
• Superior to felts, fabrics, cotton cloths, and similar media

APPLICATIONS
• Recommended for a wide variety of applications
• Good choice for dry, coarse particulate
• Economical choice for operations with forced or cyclical filter replacement (independent of pressure drop)
