FILTRATION SOLUTIONS

DATA SHEET

Filter media

Polyester + PTFE Membrane

Polyester + PTFE Membrane

Appearance	White
Use	Pleatable filter media
Composition	100% Polyester Spunbonded +PTFE membrane
Area weight (g/m²)	290
Thickness (mm)	0.60
Air Permeability (m³/m²/h - 200 PA)	300
Surface electrical resistance (Ohm)	-
IFA/BIA certificate (DIN EN 60335-2-69:2008)	M
Max. working temperature (C°)	130
Max. temperature Peaks (C°)	150
Water absorption (%)	0.4
Application field	Very fine and sticky types of dust.
