Donaldson Delivers

Engine Air Replacement Filters
for Mann+Hummel® Europiclon® Air Cleaners

Mann+Hummel® and Europiclon® are registered trademarks of Mann+Hummel®

Put Some Teeth into Your Air Filtration
Superior performance and proven protection for heavy duty diesel engines

Donaldson’s new line of high efficiency air filters may look a little different out of the box, but they’re specially designed to fit Mann+Hummel® Europiclon® air cleaner housings used in both on- and off-road applications.

This filter’s unique sealing system incorporates specially designed teeth that compress to cushion and hold the filter in the ideal position, providing a secure seal – even in the most severe environments.

Packed with proven technology
Equipped with Donaldson’s industry-shaping RadialSeal™ system, advanced media and stable structural support, these new air intake elements are built to perform and provide effective engine protection, in a wide-range of challenging conditions.
Advanced technology delivers complete engine protection

**Vibration Resistant**
Innovative Dual Compression saw-tooth design incorporates an inventive combination of soft and hard urethane that generates high levels of compression – maintaining secure RadialSeal integrity. Filter resists movement (even under heavy vibration) and delivers sure sealing under the most severe duty conditions.

**RadialSeal™ design**
Proven sure-fit Donaldson sealing system creates a reliable, vibration-resistant interface between the air cleaner and the filter. Slides easily on and off the outlet tube during servicing, making removal and replacement fast and simple.

**High-efficiency cellulose media**
Offering media options specifically designed to perform across a wide range of heavy-duty diesel engine applications. Flame-retardant media in UL Recognized filter elements are available for transportation applications.

**Rigid structural support**
Rigid structural support system (outer or inner liners) protect filters from damage or collapse in humid conditions or heavy vibration applications. Structure also protects the media from damage during servicing.

---

Donaldson Aftermarket Filter Warranty

**YOU HAVE A CHOICE**
You can always choose top-quality Donaldson filters designed specifically for your engines and equipment and – as long as you change them according to the engine manufacturer’s recommendations – using Donaldson filters will not void your engine manufacturer’s warranty.

See Brochure F110064 for complete warranty details on all Donaldson products.
