# Hydraulic Cartridge Filter for Mack Power Steering 5839-870678A

**P578909**

**Filters that go the distance.** Power steering filters are an important part of any effective truck maintenance program. They need to withstand the harsh demands of the road – the starts, the stops, the idling and the strain of a heavy load. Donaldson filters deliver the right combination of quality and value that help keep your trucks on the road.
