# Product Update

## New Appearance — Even Better Performance

As part of our ongoing effort to provide industry-leading air filtration performance, we're announcing a performance upgrade to many of our RadialSeal™ safety filters. This is good news for end users because these filters offer even higher efficiency, which can help deliver improved engine protection.\*

See the image on the right for appearance differences.

### Some popular air filter safeties that have been upgraded:

**P535396 P822858**  
**P822769 P829332**  
**P829333 P780523**  
**P777639**

**Previous  
version**

**New**

\*Actual results will vary depending upon application and use environment.
